

(e) Except in extreme emergencies threatening human life or serious property loss, the air delivery of any person, material or equipment by parachute, helicopter or other means onto project lands or waters without written permission of the District Engineer is prohibited.

(f) In addition to the above provisions, seaplanes, as defined below, are subject to the following restrictions:

(1) Such use is limited to aircraft utilized for water landings and takeoff, herein called seaplanes, at the risk of the owner, operator and passenger(s).

(2) Seaplane operations contrary to the prohibitions or restrictions established by the District Engineer (pursuant to part 328 of title 36) are prohibited. The responsibility to ascertain whether seaplane operations are prohibited or restricted is incumbent upon the person(s) contemplating the use of, or using, such waters.

(3) All operations of seaplanes while upon project waters shall be in accordance with marine rules of the road for power boats or vessels and §327.3 Vessels.

(4) Seaplanes on project waters and lands in excess of 24 hours shall be securely moored at mooring facilities and at locations permitted by the District Engineer. Seaplanes may be temporarily moored on project waters and lands, except in areas prohibited by the District Engineer, for periods less than 24 hours providing that (i) the mooring is safe, secure, and accomplished so as not to damage the rights of the Government or members of the public and (ii) the operator remains in the vicinity of the seaplane and reasonably available to relocate the seaplane if necessary.

(5) Commercial operation of seaplanes from project waters is prohibited without written approval of the District Engineer following consultation with and necessary clearance from the Federal Aviation Administration (FAA) and other appropriate public authorities and affected interests.

(6) Seaplanes may not be operated at Corps projects between sunset and sunrise unless adequate lighting and supervision approved by the District Engineer are available.

§327.5 Swimming.

(a) Swimming, diving, snorkling or scuba diving at one's own risk is permitted, except at launching sites, designated mooring points and other areas so designated by the District Engineer. Diving or jumping from bridges or other structures which cross project waters is prohibited.

(b) An international diving flag must be displayed during underwater activities.

§327.6 Picnicking.

Picnicking and related day-use activities are permitted, except in those areas where prohibited by the District Engineer.

§327.7 Camping.

(a) Camping is permitted only at sites and/or areas designated by the District Engineer.

(b) Camping at one or more campsites at any one water resource project for a period longer than 14 days during any 30-consecutive-day period is prohibited without the written permission of the District Engineer.

(c) The unauthorized placement of camping equipment or other items on a campsite and/or personal appearance without overnight occupancy at a campsite for the purpose of reserving a designated campsite for future occupancy is prohibited.

(d) The digging or leveling of any ground or the construction of any structure without written permission of the District Engineer is prohibited.

§327.8 Hunting, fishing, and trapping.

Hunting, fishing, and trapping are permitted except in areas where prohibited by the District Engineer. All Federal, state and local laws governing these activities apply on project lands and waters, as regulated by authorized enforcement officials.

§327.9 Sanitation.

(a) Garbage, trash, rubbish, litter, or any other waste material or waste liquid generated on the project and incidental to authorized recreational activities shall be either removed from the project or deposited in receptacles
